Programme

13th
Policy Dialogue Forum

1 - 3 December 2021 | Kigali, Rwanda & On-line

Overview

Introduction

This year, the 13th Policy Dialogue Forum of the International Task Force on Teachers for Education 2030 (TTF) will take place from 2-3 December 2021 in Kigali, Rwanda and on-line. Jointly organized by the TTF Secretariat, and the Ministry of Education of the Republic of Rwanda, the over-arching theme of this year's policy dialogue forum is ***Innovation in teacher policy and practice for educational recovery*** with particular attention to innovation in: i) teaching and learning (ii) initial and in-service teacher education and (iii) education policy.

As the engine of improvement in education, innovation is a critical factor for education to be inclusive, equitable and of good quality; it thus needs to be at the heart of education policies and policy making. The 2021 Policy Dialogue Forum will bring together education stakeholders from around the world, both in-person and on-line, to discuss the complexities of the post-COVID era and identify how to 'build back better' and ensure that education systems harness and expand collective capabilities for innovation. It will generate policy recommendations for ministries, civil society organisations, international organisations and donors that support teachers, school leaders, teacher educators and policy-makers.

Objectives

The Policy Dialogue Forum aims to raise awareness among members of the TTF and education stakeholders more broadly on crucial issues for the implementation of the teacher target in SDG 4 and the Education 2030 agenda, with the ultimate goal to improve learning and the provision of equitable and quality education for all.

The Forum promotes participatory approaches, dialogue, and exchanges of experience in evidence-based teacher policy formulation and implementation. In accordance with the TTF's three Main Lines of Action, the overall objectives of the 2021 Policy Dialogue Fora are:

- to advocate for greater support for teachers through innovative policy and practices and promote a shared vision and understanding among members of the TTF and key education stakeholders;
- to generate knowledge and expertise in relation to innovation for teachers and teaching, including through best practice and cost-effective interventions, which can help increase the number of qualified and supported teachers and improve teaching worldwide;
- promote knowledge sharing, cooperation across diverse geographical contexts and exchange of experiences and challenges in innovation between TTF members and beyond.

Draft Programme¹

2 December (Kigali time)	Policy Dialogue Forum - Day 1	
9.30-10.30	<p>Opening – High-Level Teacher Summit (plenary)</p> <p>Moderators (co-hosts) introductions:</p> <ul style="list-style-type: none"> Minister of Education, Rwanda Assistant Director-General for Education, UNESCO <p>High-Level Segment – Teacher Innovations for the Future:</p> <ul style="list-style-type: none"> African Union Commissioner Human Resources, Science and Technology DDG for the European Union INTPA Minister of Education, Norway Minister of Education, Saudi Arabia Teacher Testimony: 2021 Varkey Global Teacher Prize winner Keynote address – Linda Darling Hammond 	<p>Kilimanjaro Ballroom</p> <p>EN/FR/ ESP/ARB</p>

Official reception hosted by the Government of Rwanda, Serena Hotel, Kigali

3 December
(Kigali time)

Policy Dialogue Forum - Day 2

9.30 - 11.00

Breakout sessions 2 – Teacher Preparation

Session 2.1 - Innovative practices in teacher preparation for inclusive classrooms (VSO, ICET & GEM Report team)

Teacher education in inclusion is at present under-implemented – but demand for it is high and many professional development initiatives to address diversity come from teachers themselves. This session highlights teacher-led innovations during COVID-19 to help build inclusive education systems, and shows how peer learning and networks can bridge the gap between initial teacher training and classroom realities.

Session 2.3 - Digital Teaching Innovations and the Teaching Profession (ENABEL, ILO & GIZ)

Muhazi/
Virunga
EN/FR

During the COVID-19 pandemic, the Teacher Training Education project co-created an Open Distance e-Learning strategy, the Sandbox, which introduced new technologies into National Teachers' Colleges in Uganda to ensure learning continuity. This session will discuss the achievements and future of the programme, as well as teachers' role in preparing learners for a digitally-enhanced society.

11.00-11.30	Coffee break	--
11.30-12.30	<p>Plenary panel 3 – Innovations in Policy</p> <p><i>A Panel discussion reflecting on the current state of innovation in education policy, lessons learned from past experiences, and how policies can encourage and sustain innovation in education.</i></p> <p>Moderator: Freda Wolfenden, Professor of Education and International Development. Open University.</p> <p>Speakers:</p> <ul style="list-style-type: none"> • Stanislas Ouaro, Minister of Education, Literacy and the Promotion of National Languages, Burkina Faso. • Mr Iwan Syahril, Director General of Teachers & Education Personnel, Ministry of Education, Culture, and Research & Technology, Indonesia. • Jonel Powell, Minister of Education, Youth, Sports and Culture and Chairman of the National Commission, St Kitts and Nevis. • Lucy Crehan, Teacher, Author of <i>Cleverlands: The secrets behind the success of the world's education superpowers.</i> • Dennis Sinyolo, Senior Regional Advisor, Education International 	<p>Kilimanjaro Ballroom EN/FR</p>
12.30-14.00	Lunch	--
14.00 - 15.30	Breakout sessions 3 – Education policy innovations	

Session 3.1 – Innovations in the implementation of the Teacher Policy Development Guide (TTF & partners)

Kilimanjaro
Ballroom
EN/FR

The Teacher Policy Development Guide (TPDG) takes a holistic and comprehensive approach to teacher policy, presupposing policy implementation strategies will be individually customized to work in a variety of national contexts. This session will showcase innovations in TPDG implementation in sub-Saharan Africa and the Caribbean that resulted from adapting TPDG principles and guidelines to meet local needs.

Session 3.2 - Strengthening Policies for Teachers in Crisis Contexts: Promising Practices and Lessons Learned in Refugee Hosting Contexts (INEE TICC)

This session will examine the challenges, opportunities and lessons learned from successful examples of supporting teachers in crisis contexts throughout the policy process. Speakers from different refugee hosting contexts and regional initiatives will engage in constructive dialogue about what is – and what is not – working well.

Seminar/
Isaro
EN/FR

Session 3.3 - Fostering Digital Education Public Policies (ProFuturo & partners)

ProFuturo, a digital education initiative based on technology for improving teachers' skills and competences, has partnered with the Organization of American States (OAS) to help define digital education public policies across Latin America and the Caribbean. This session will present concrete examples of partnerships and good practices between governments and CSOs for building sustainable education projects.
